How To Use Our Cards:

1. After paying for your card, you will receive it immediately in PDF format.
You will need the free download of [Adobe Acrobat Reader](#) to open the file.
2. Save the file to a folder on your computer for future use.
3. Open your PDF card file.
4. Choose your best printer colour settings.
5. Choose Preview to see if any adjustments need be made.
6. Print your card. If printing more than one, enter the number you want, then print.
If printing Half Fold Tall and Half Fold Wide Greeting Cards your card will print on one side, then need to be reinserted into your printer for the second side. ***Make sure you know which side of the paper your printer does the printing and what orientation. You may need to print in grayscale as a test, then make notes for future reference.***

Half Fold Tall Note Cards and all Quarter Fold Tall and Quarter Fold Wide cards print only on one side of your paper.

Please Note:

These are general directions. Your computer and/or printer may use different terms but the process will be similar.

Paper Suggestions and Choices:

- 8.5 x 11 inch Card Stock
- Cover Stock (Cover Stock is not as heavy as Card Stock.)
- White Computer Paper
- [Avery](#) and other companies sell specific Note and Greeting Card stock in matte and other finishes and edgings which you may want to check out. Envelopes are included with some of these packages.
